

## Plantober 2023

1<sup>st</sup> November saw Rainow School's first ever Plantober event. 60 children from Reception – Year 6 planted 72 tree seeds to take home to grow. Added to the trees were able to support being planted with your generous donations on Just One Tree day, we have planted a total of 132 trees this term.

Well done to everyone who has taken part and a BIG thank you to Planet Protectors and Gardening Club who helped to advertise and run both events!
