

Caring, Learning, Achieving

Later today, we welcome back our intrepid 9-11 year olds from their 3 night residential to the Nightingale Centre in Great Hucklow where they have taken on a variety of exciting activities. I know that they will be exhausted and ready for a well-deserved rest this weekend, but I also know that they will have enjoyed an adventure they will never forget. I visited them yesterday and I was greeted by the Centre cook who, without prompting, told me that our children were some of the politest and pleasant children he had ever met. Not a bad start, and the day got better as we took on a 10km hike across the Derbyshire moors, in the sunshine! I am a firm believer that excellent education is built on positive, respectful and trusting relationships and that was certainly on show as I watched the children and adults genuinely enjoying one another's' company—not a moan or groan in sight! For those of you new to school, residential trips are well-established at Rainow, and are designed to bring topics alive and among many other benefits, encourage and develop independence, resilience and teamwork. Taking children out of their comfort zone in a safe and supportive environment is crucial if we are to develop confident, happy children armed with good judgement. We are delighted with the way our carefully considered programme of trips helps to achieve this. Watching and helping children overcome fears and try things out for the first time is such a privilege, and we should be very proud of them.

Thanks, as always, to the staff and to Alison Poyser (one of our ex parents) for giving up their time so generously and working extremely hard to provide another interesting, enjoyable and safe experience for our children.

Gardening Club and Planet Protectors Update

Gardening Club has been very busy this term. The children have worked in multi-year teams harvesting courgettes, squashes, beans, peas, potatoes, radishes, beetroot and salad leaves as well as caring for the sensory flower bed. Plans for the remaining weeks include sowing broad beans, onions sets and elephant garlic and planting spring flowering bulbs.

A special mention to Juliet in Year 5 for her hard work over the summer break looking after our school garden. Thank you, Juliet for your outstanding effort.

"Over the summer holidays I helped look after the school garden. I regularly went to check the vegetables and watered them if they were dry. When they were ready to pick, I took some home to eat. I picked some radishes to eat and gave the green stems to my guinea pigs. They enjoyed them! I also picked some courgettes. We cut them in half and baked them with cheese on top. They were delicious. We also picked some salad leaves to eat. I enjoyed doing this over the summer holidays. It kept me busy when I was bored and it meant the vegetables weren't wasted."

The Planet Protectors (our Eco Team) were thrilled to receive the top award from Eco School initiative...The Green Flag. They will update you on their work to maintain this award as the year progresses. Watch this space...

Sports Desk

Cross-country season has returned and our Year 3 and 4 runners did a fantastic job of representing our school last Wednesday! Thank you to all parents who attended and supervised the race. We look forward to seeing a new group of children enter another the Y3/4 race next week, followed by a group of Y5/6 children on Wednesday 19th October (letters to be handed out next week).

A look ahead... **Rainow Round-Up**

Whole-School Walk to White Nancy...Next Thursday... Permission Needed

Weather permitting, next week we plan on taking the school on a lovely walk up to White Nancy (Reception class will take a shorter route). This has become something of an annual tradition and reminds the children of the amazing countryside and learning opportunities on their doorstep.

If you haven't already, please give your permission for local walks on your School Spider App.
